**THE ROTARIANS HAVE A GOOD TIME ON THE BANKS OF THE DELAWARE**  
These members of the Rotary Club had it May 18 on their annual outing. The sylvan background is at the Mohican club house, Kugler's Roost, on the Delaware.

**LEADER IN KENSINGTON**

Robert McCurdy, Sr., doesn't like to be photographed, but in Kensington he is well known for many other characteristics. One is his unflinching interest in the welfare of Greater Kensington. Another is for his management of one of the largest department stores in the Northeast.

**PHILADELPHIA'S MONTESSORI SCHOOL IN SESSION**

Mrs. Anna Windle Paist, the teacher, in the background, studied the method in Rome. The majority of mothers, she believes, were not cut out to train their own children. Madam Montessori, the founder of the system, arrived in the United States recently and is now in San Francisco, where she will expound the principles of her theory of education at the Exposition.

**FIANCEE OF MORGAN'S GRANDSON**

And daughter of F. C. Converse, of Boston, composer. She is Louise Converse, soon to marry J. S. Morgan, third in descent from the great "J. P."

**THE OTHER SIDE OF VERA CRUZ**

The Mexicans, too, have memories of the American occupation of Vera Cruz. Here General Carranza and his Cabinet were seen in the celebration of occasion to those who still remember the landing of American marines.

**FUNERAL OF AMERICAN OFFICER IN TURKEY**

Since the beginning of the war but one photograph has come to this country from Constantinople. It shows American marines, engaged in the funeral of Captain Barker, of the American gunboat Scorpion.
